MESSAGE FROM THE PRINCIPAL'S DESK

DEAR PARENTS !

“Education without values, as useful as it is, seems rather to make man a more clever devil.” - C.S. Lewis

The role of education is to empower students to be lifelong learners, critical thinkers and people of fine character and values. The ever-changing global dynamism demands children to be leaders with a global skill set. In our school, children are nurtured to be responsible global citizens, who add value and give back to the society. Our curriculum and facilities enhance students' learning experiences. Keeping hands on exposure and skill development pivotal, our school management creates ample opportunities of growth for the children. In our primary and middle classes, students are tech smart and are well-versed with the new-age competencies for which their teachers work hand-in-hand with them.

All learners have shown resilience and great adaptability as they continue to progress in their learning.

We ensure our school children remain deeply ingrained in the value system, thereby contributing to the development of the community.

Sports do not build character. They reveal it.” – Heywood Broun

The first week of August was filled with energy and excitement as our school conducted the Athletic Selections for boys and girls across different age categories. These events were not only a test of speed, strength, and skill but also a celebration of discipline, teamwork, and the spirit of sportsmanship.

On 4th August, the Under-19 Boys & Girls took part in the trials. Their performances reflected maturity and determination, with many athletes displaying the readiness to represent the school at higher levels of competition.

The following day, 5th August, saw the participation of the Under-11 and Under-14 Boys & Girls. Their youthful enthusiasm and vibrant energy lit up the field, proving that the future of athletics in our school is bright and promising.

On 6th August, the Under-17 Boys & Girls competed with grit and focus. Their commitment and passion were evident in every event, making the day a memorable one for both participants and spectators

Selections were carried out in a wide range of track events including the 100 metres, 200 metres, 400 metres, 800 metres, and the 4 × 100 metres relay. Alongside these, students also showcased their talents in field events such as shot put, discus throw, long jump, high jump, and hurdles. Each event brought out the best in our athletes, highlighting not only their physical abilities but also their perseverance and sportsmanship. The atmosphere throughout the three days was charged with encouragement. The participants were motivated making the selections a true celebration of athletic spirit. These trials serve as a stepping stone for our athletes to shine in upcoming inter-house competitions and district competitions, while also instilling values of discipline, resilience, and teamwork that extend beyond the sports field.

The school congratulates all the selected athletes and applauds every participant for their effort. Together, they embody the true essence of sports — striving for excellence while uplifting one another.
